

Get high-performance window rebates

Shopping for new windows just got a whole lot easier with the help of GreenON Rebates. Windows eligible for GreenON Rebates are designed and tested to meet strict energy efficiency standards.

GET
\$500/
window*
UP TO
\$5,000

To qualify for rebates, windows must:

- Be installed by a participating contractor
- Be certified for NRCan Climate Zone 3
- Be designated as **ENERGY STAR®** Most Efficient Windows
- Have a U-factor at or below **1.4 W/m²·K** or **0.25 Btu/h·ft.²·°F**

*Qualifying rough opening in a wall or roof. For example, a bay window with three window sections or units is eligible for one rebate.

The Green Ontario Fund is a not-for-profit provincial agency that invests proceeds from Ontario's carbon market into climate actions that help people and businesses reduce greenhouse gas emissions and use cleaner technology to power their homes and workplaces. The GreenON Rebates Program is delivered by the Independent Electricity System Operator. Equipment must be purchased from and installed by a participating contractor. Rebates under this program cannot be combined with other rebates or offers and are subject to additional terms and conditions.

For more information, visit greenon.ca/terms-and-conditions.

It's time to go **window shopping**

Did you know that your home could be losing up to a quarter of its total heat through windows? That's energy and money you could be saving.

Windows eligible for GreenON Rebates are designed to reduce energy loss, condensation and outdoor noise. While replacing your windows may be a bigger investment, it's one that can help make your home more comfortable year-round, save on heating and cooling, increase your home's resale value and help fight climate change.

Signs it may be time to **replace your windows**

- Higher heating and cooling costs
- Drafts around windows
- Condensation or frost on windows
- Damaged, loose or warped glazing

SHOPPING TIPS

1. Work with a GreenON Rebates participating contractor to choose **ENERGY STAR®** Most Efficient Windows that meet GreenON Rebates U-Factor requirements
2. Choose framing materials and styles to suit your needs
3. Ask about warranties and post-installation service
4. Contact GreenON Support to get independent expert advice

Why **act now?**

Even small actions can add up in the fight against climate change. The more we do now, the more we can prevent:

extreme
weather
conditions

rising
insurance
costs

rising
food
costs

How to **qualify**

To qualify for rebates, you must own a detached home, townhouse or semi in Ontario. If you rent, you must have the written permission of the homeowner or landlord. Follow these steps:

1. Work with a participating contractor to purchase and install GreenON Rebates eligible windows
2. Your contractor submits the rebate application on your behalf
3. You validate that work is complete, submit your proof of purchase and receive your rebate cheque in the mail in approximately 8-12 weeks
